Sirs:

Attention: Mr. Harry J. Christoffers.

I have before me your inquiry regarding the report of the operations of the Admiralty Packing Company, for last season.

For your information the Capital Stock in this Company was owned by A.O. Andersen & Company, which latter Company is in bankruptcy.

It seems that the Admiralty Packing Company's affairs were all handled from the office of A. O. Andersen & Company and consequently the information which you desire cannot be supplied until the books of the Admiralty Packing Company are brought up to date and audited.

While the writer is desirous of helping you on this matter, it is impossible to expedite it as the Company has no money to employ a staff to seek this information and the assets of A. O. Andersen & Company being negligible they cannot in turn find funds to employ extra help to procure the information asked for so you will appreciate that the matter will have to take its course until the receiver's office of A. O. Andersen & Company is able to make headway in its own affairs, and will then endeavor to straighten out those of the Admiralty Packing Company.

Regretting the inability to furnish this information correctly at this time, I am

Yours very truly,

G.M. McDOWELL, TRUSTEE
FOR A.O. ANDERSEN & CO. BANKRUPT.

NP:dr.
